ABSTRACT

This 43-item selected, annotated bibliography on cohesiveness and interpersonal attraction includes books, journal articles and conference papers published between 1953 and 1990. The bibliography is in two parts. The first part consists of key sources, most of which have extensive bibliographies or lists of references. The second part consists of representative research on factors related to cohesiveness or interpersonal attraction. (RS)

This selected bibliography has two parts. Part One consists of key sources, most of which have
extensive bibliographies or lists or references. Part Two consists of representative research on
factors related to cohesiveness or interpersonal attraction.

KEY SOURCES

- Altman, Irwin, and Taylor Donald. Social Penetration: The development of Interpersonal Relationships. New York: Holt, Rinehart and Winston, 1973.
- Beebe, Steven A. and Masterson, John T. Family Talk: Interpersonal Communication in the Family. Reading, MA: Random House, 1986. Introductory presentation of interpersonal attraction as applicable to marriage and family contexts.
- Beebe, Steven A. and Masterson, John T. Communicating in Small Groups: Principles and Practices (3rd ed.). Glenview, IL: Scott Foresman, 1990. Introductory presentation of group cohesiveness and relational communication.
- Bersheid, E. and Walster, E. H. Interpersonal Attraction. Reading, MA: Addison-Wesley, 1978. Addressed such topics as propinquity, reciprocity, similarity, and cooperation as they function in interpersonal attraction. Extensive bibliography.
- Brilhart, J. K., and Galanes, G. J. Effective Group Discussion. Dubuque, IA: Wm. C. Brown Publishers, 1989. Excellent review of group cohesion. Good bibliography.
- Bormann, E. G. Discussion and Group Methods: Theory and Practice. New York: Harper and Row, 1975. A sound college-level textbook presenting useful principles from small group research in speech communication and social psychology with a good chapter on cohesiveness. Brief annotated bibliography.
- Bryne, D. The Attraction Paradigm. New York: Academic Press, 1971. Presents a theory of interpersonal attraction. Includes a historical perspective on similarity and attraction. Extensive bibliography.
- Cartwright, D. and Zander, A. Group Dynamics: Research and Theory. New York: Harper and Row, 1968. Chapter 7 by Cartwright gives a basic statement about the place of cohesiveness in theories of group dynamics. Forty-seven references.

- Galvin, K. M., and Brommel, B. J. Family Communication: Cohesion and Change. Glenview, IL: Scott Foresman, 1986. A superior review of interpersonal attraction in the context of a family. Extensive bibliography.
- Hare, A. Paul. Handbook of Small Group Research. New York: The Free Press, 1976. Chapter seven provides an excellent literature review and comprehensive bibliography of interpersonal choice in the small group.
- Janis, Irving L. Groupthink. Boston: Houghton Mifflin Company, 1982. An extended discussion of the effects of extreme cohesiveness and lack of critical analysis upon group problem solving.
- Kleinke, Chris. First Impressions: The Psychology of Encountering Others. Englewood Cliffs, New Jersey: Prentice Hall, 1975. An easy-to-read introduction to first impression research and interpersonal attraction.
- Knapp, M. L., and Miller, G. R. (Eds.) Handbook of Interpersonal Communication, 1985. Beverly Hills, CA: Sage. Comprehensive review of Interpersonal Communication. Extensive bibliography.
- La Gaipa, John J. Interpersonal Attraction and Social Exchange. In S. Duck (ed.), Theory and Practice in Interpersonal Attraction (pp. 129-64). New York: Academic Press, 1971. Includes over 500 references.
- Libo, L. M. Measuring Group Cohesiveness. Ann Arbor: University of Michigan, 1953. Reports classic studies from the Research Center for Group Dynamics at Michigan. Major emphasis is placed on development and investigation of two measures of "attraction-to-group; a projective technique and a behavioral measure involving locomotion. Thirty-two references.
- Littlejohn, Stephen W. "A Bibliography in Small Group Communication." 1969, 78p. (ERIC ED 067 712) An annotated bibliography of more than 500 citations of sources published between 1950 and 1969 including texts, expository articles, theoretical writings, experimental studies, and works on the teaching of discussion.
- Lott, A. J. and Lott, B. E. Group Cohesiveness as Interpersonal Attraction: A Review of Relationships with Antecedent and Consequent Variables. Psychological Bulletin 1965, 64, 259-309. a review of research and theory on cohesiveness from 1950-1962. Nearly 300 references.
- McGrath, J. and Altman, I. Small Group Research: A Synthesis and Critique of the Field. New York: Holt, Rinehart and Winston, 1966. A research program and bibliography of small group research including annotated studies on cohesiveness and interpersonal attraction.
- Murstein, B. I. Who Will Marry Whom? Theories and Research in Marital Choice. New York: Springer, 1976. Review of interpersonal attraction literature as applicable to selection of marriage partner.
- Pearson, J. C. Communication in the Family. New York, NY: Harper and Row, Publishers, 1989. An excellent review of family cohesion and interpersonal attraction literature. Extensive bibliography.
- Ridgeway, Cecilia L. The Dynamics of Small Groups. New York: St. Martin's Press, Inc., 1983. Chapter four reviews cohesiveness and interpersonal attraction research.

- Shaw, M. E. Group Dynamics: The Psychology of Small Group Behavior. New York: McGraw-Hill, 1981. Various sections of this college-level textbook review and draw conclusions from research on interpersonal attraction and cohesiveness.
- Shaw, M. E. Group composition and group cohesiveness. In Cathcart, R. S. and Samovar, L. A. (Eds.). Small Group Communication: A Reader. Dubuque, IA: Wm. C. Brown Publishers, 1988. An overview of group cohesiveness literature.
- Stogdill, R. M. Group Productivity, Drive, and Cohesiveness. Organizational Behavior and Human Performance, 1972, 8, 26-43. A review of literature indicating that (a) productivity and drive are positively related, (b) productivity and cohesiveness are negatively related, and (c) drive and cohesiveness may be either positively or negatively related. Sixty-four references.
- Wilmot, W. W. Dyadic Communication, (3rd ed.). Reading, MA: Addison-Wesley, 1987. Includes over 500 references to Interpersonal Communication and Relationship Development.
- erby, J., Buerkel-Rothfuss, N., and Bochner, A. P. Understanding Family Communication. Scottsdale, AZ: Gorsuch Scarisbrick, Publishers, 1990. Review of family communication literature from a systems perspective.

REPRESENTATIVE ARTICLES FROM CONTINUING SOURCES OF INFORMATION

- Beisser, A. R. Identity Formation in Groups. Journal of Humanistic Psychology, 1971, 11, 133-143. Discusses attempts to achieve identity in groups by being like and unlike others.
- Cate, R. M. and Koval, J. E. Heterosexual Relationship Development: Is It Really a Sequential Process? Journal of Adolescence, 1983, 18(71), 507-14.
- Cockriel, I. W. and Kline, John A. Sociometric Choice as a Determinant of Satisfaction and Problem Solving Success in Discussion Groups. 1974, 14p. (ERIC ED 088 134) Gives results of study of persons placed in sociometrically determined groups. Suggests further areas for study.
- Courtright, John A. A Laboratory Investigation of Groupthink. Communication Monographs, 1978, 45, 229-246. This empirical study validates the theory of groupthink as postulated by Irving Janis.
- Feldman, Ronald A. Interrelationships among Three Bases of Group Integration. Sociometry, 1968, 31, 30-46. Suggests that group members are bound to a group through interpersonal integration, structural-functional, integration, and normative integration.
- Fitzpatrick, Mary Anne and Best, Patricia. Dyadic Adjustment in Relational Types: Consensus, Cohesion, Affectional Expression, and Satisfaction in Enduring Relationships. Communication Monographs, 1979, 46, 167-178. (ERIC EJ 217 432). Results of this study suggest that couples who share a similar definition of their relationship are significantly more in agreement of a variety of relational issues and more cohesive than are couples who do not share a relational definition.

- Harris, Alan H. "Group Formation, Cohesiveness, and Morale in a Residential Laboratory Environment." Paper presented at the Annual Meeting of the Eastern Psychological Association (Baltimore, MD, April 1982) (ERIC ED 223-951). Two experiments are discussed.
- Hendrick, C. and Page, H. A. Self-Esteem, Attitude Similarity, and Attraction. Journal of Personality, 1970, 38, 588-602. A study of self-esteem and the relationship between perceived similarity and interpersonal attraction.
- Hogan, R., Hall, R., and Blank, E. An Extension of the Similarity-Attraction Hypothesis to the Study of Vocational Behavior. Journal of Counseling Psychology, 1972, 19, 238-240. (ERIC EJ 058 831). Observes relationship between vocational skills and interests and interpersonal attractiveness.
- Moracco, John C. and Earl B. Higgins. The Effectiveness of a Group Approach. Journal for Specialists in Group Work, 1982, 7, 80-87. Investigated the Effectiveness of exercises designed to promote group cohesiveness, compared to systematic human relations training for preservice teachers.
- Owen, W. F. (1985). Metaphor Analysis of Cohesiveness in Small Discussion Groups. Journal of Small-Group-Behavior, 16(3), 415-24.
- Pellegrino, J. C. Effective Development of Sequential Stages of Group Cohesiveness. A paper presented to the faculty of The Alfred Adler Institute of Chicago, 1984 (ED 254 798). Discusses the evolution of cohesiveness in groups.
- Sabatelli, Ronald M. et al. "Marital Cohesiveness and Family Life Transitions: A Social Exchange Perspective." Paper presented at the Annual Meeting of the National Council of Family Relations (Washington, DC, October 1982) (ERIC ED 227 396) Examines the impact of individual and family life transitions on marital relationships from a social exchange perspective.
- Stancato, Frank A. Group Cohesiveness and Classroom Instruction. Kappa Delta Pi Record, 1979, 16, 12-15. Explores group cohesiveness, class discussion, and group size in relation to classroom environment and the cognitive-personal growth outcomes of classroom learning.
- Stockton, Rex and Diana Hulse. Developing Cohesion in Small Groups: Theory and Research. Journal for Specialists in Group Work, 1981, 6, 188-194. Discusses current attempts to redefine the concept of group cohesion. Studies designed to manipulate factors hypothesized to enhance cohesion are reviewed.
- Stokes, J. P. Components of Group Cohesion Intermember Attraction, Instrumental Value, and Risk Taking. Small Group Behavior, 1983, 14, 163-173. Explores the nature of cohesion in groups people join in order to affect personal change. The nature of cohesion is explored by examining three constructs thought to be related to cohesion: (1) attraction to individual members of a group, (2) the instrumental value of the group, and (3) risk-taking behaviors that occur in the group.
- Sunnafrank, M. Attitude Similarity and Interpersonal Attraction During Early Communicative Relationships: A Research Note on the Generalizability of Findings to Opposite-Sex Relationships. Western Journal of Speech Communication, 1985, 49, 73-80.
